**RESOLUTION AND FINDINGS OF FACT

UNDER CHAPTER 313 OF THE TEXAS TAX CODE
ON THE APPLICATION FOR APPRAISED VALUE LIMITATION
ON QUALIFIED PROPERTY
SUBMITTED BY PRAXAIR, INC.**

STATE OF TEXAS §
 §
COUNTY OF HARRIS §

PREAMBLE

On the 14th day of February, 2017, a public meeting of the Board of Trustees of the La Porte Independent School District (the “Board”) was held to solicit input from interested parties on the application by Praxair, Inc. (“Praxair” or “Applicant”) for an appraised value limitation on qualified property under Chapter 313 of the Texas Tax Code. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board considered the application by Praxair for a Limitation on Appraised Value on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations from interested parties within the District. After hearing presentations from the District’s administrative staff and the consultants retained by the District to advise the Board in this matter and reviewing the Comptroller’s Economic Impact Analysis under Texas Tax Code §313.026 and 34 T.A.C. §9.1054, the Board of Trustees of the La Porte Independent School District makes the following Findings regarding the Application:

On or about the 13th day of September, 2016, the Board of Trustees for the La Porte Independent School District received an Application for Appraised Value Limitation on Qualified Property from Praxair, pursuant to Chapter 313 of the Texas Tax Code (the “Application”). The general nature of Applicant’s investment in qualified property set forth in the Application is for manufacturing, specifically the production of carbon monoxide, hydrogen and steam for distribution to customers along the Texas and Louisiana Gulf Coast (the “Property”). *See* Application, Tab 4, attached hereto as Attachment A and Attachment D. The Board agreed to consider such Application, and the District’s Superintendent formally acknowledged receipt of the Application for consideration on behalf of the District, which was delivered to the Texas Comptroller of Public Accounts immediately upon a determination that the Application was complete. The Comptroller acknowledged receipt of the Application on or about September 21, 2016. On or about October 5, 2016, the District, on behalf of the Applicant, submitted an Amendment No. 01 (revised wage data). On or about October 20, 2016, Applicant submitted a supplemental qualified investment map. The Comptroller issued its notice of completeness and determined the Application complete as of October 26, 2016, the Application Review Start Date. Thereafter, on or about October 28, 2016, The District submitted Amendment No. 02 (new District consultant and revised Tabs 4 and 5). The Application, supplemental map and Amendment Nos. 01 and 02 are hereafter collectively referred to as the

“Application.” A copy of the Application and Comptroller’s completeness letter of October 26, 2016 are collectively attached hereto as Attachment A.

The Texas Taxpayer Identification number for Praxair, Inc. is 10612490507. Praxair is an entity subject to Chapter 171 of the Texas Tax Code and is certified to be in good standing with the Texas Comptroller of Public Accounts as required by Texas Tax Code §313.024(a). *See* Attachments A, B and C.

The Board acknowledged receipt of the Application and necessary application fee, which was reasonable and did not exceed the estimated cost to the District for processing and acting on the Application, as established by §313.025(a)(1) of the Texas Tax Code and Local District Policy.

The Application was delivered to the Texas Comptroller’s Office for review pursuant to §313.025(b) of the Texas Tax Code.

A copy of the Application was delivered to the Harris County Appraisal District for review pursuant to 34 Texas Administrative Code §9.1054.

The Application was reviewed by the Texas Comptroller’s Office pursuant to Texas Tax Code §§313.025 and 313.026. After receipt of the Application, the Texas Comptroller’s Office caused an Economic Impact Analysis to be conducted. The Comptroller, pursuant to Texas Tax Code §313.025(h), determined the project subject to the Application meets the requirements for eligibility under Texas Tax Code §313.024 for a limitation on appraised value, and after reviewing the Application based on the criteria set out in Texas Tax Code § 313.026, issued a Certificate for a Limitation on Appraised Value on November 28, 2016 that the Application be approved (the “Certificate Decision”). *See* Attachment C. The Board of Trustees has carefully considered such Evaluation and Certificate Decision. Copies of the Certificate Decision and Economic Impact Analysis are attached to these Findings as Attachments C and D, respectively.

The Board also directed that a specific school financial analysis be conducted of the impact of the proposed value limitation on the finances of La Porte Independent School District. A copy of a report prepared by Moak, Casey & Associates and dated January 9, 2017 is attached to these Findings as Attachment E.

The Board has confirmed that the taxable value of industrial property applicable to the Praxair Application in the La Porte Independent School District for the preceding tax year, as determined under Subchapter M, Chapter 403 of the Texas Government Code, falls within Category 2 of §313.022 of the Texas Tax Code at the time the Certificate Decision was issued. *See* “2015 Property Value Study Report,” attached hereto as Attachment G; *see also* Attachment D.

After receipt of the completed Application, the District entered into negotiations with Praxair regarding the specific language to be included in the Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes (the “Agreement”) pursuant to Chapter 313 of the Texas Tax Code, including appropriate revenue protection provisions for the District. The parties were able to agree upon language for inclusion into a draft agreement pursuant to Texas Tax Code §313.027. As required by the Comptroller’s Office, the parties changed only the provisions of the template that the Comptroller permitted (2016 Form 50-826). The proposed Agreement is attached to these Findings as Attachment H, and that form of the Agreement (as defined

by 34. Tex. Admin. Code §9.1015) was submitted to and approved by the Comptroller, as required by 34 Tex. Admin. Code §9.1015(e)(1). *See* copy of January 27, 2017 Agreement Review Letter from the Comptroller, attached to these Findings as Attachment I.

After review of the Comptroller's Certificate Decision and Economic Impact Analysis, and in consideration of its own analysis of Praxair's Application and all other related documentation attached hereto, the Board makes the following additional Findings as follows:

Board Finding Number 1.

Based on the Applicant's statement in Tab 4 of the Application that the proposed project consists of a specifically a world scale autothermal reformer for the production of carbon monoxide, hydrogen and steam for distribution to customers along the Texas and Louisiana Gulf Coast, and the Comptroller's Certificate Decision, the Property meets the requirements of Texas Tax Code §313.024 for eligibility for a limitation on appraised value under Texas Tax Code §313.024(b)(1) as a manufacturing project.

In support of Finding Number 1, the Comptroller's Certificate Decision states:

Determination required by 313.025(h)

- Sec. 313.024(a) Applicant is subject to tax imposed by Chapter 171.
- Sec. 313.024(b) Applicant is proposing to use the property for an eligible project.
- Sec. 313.024(d) Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.

* * *

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313.

See Attachment C. *See also* Application, Attachment A (Tab 4); *and see* Attachment D.

Board Finding Number 2.

The project proposed by Applicant is reasonably likely to generate sufficient tax revenue to offset the District's maintenance and operations ad valorem tax revenue lost as a result of the Agreement before the 25th anniversary of the beginning of the limitation period.

In support of Finding Number 2, the Certificate Decision states:

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school

district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period.

See Attachment C.

Also in support of Finding Number 2, the Comptroller's Economic Impact Analysis states:

Attachment B - Tax Revenue over 25 Years

This [table] represents the Comptroller's determination that Praxair Inc. (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

See Attachment D.

Board Finding Number 3.

The new qualifying jobs creation requirement under § 313.021(2)(A)(iv)(b) exceeds the industry standard for the number of employees reasonably necessary for the operation of the Applicant's facility described in the Application, and Applicant qualifies for a waiver of the new jobs requirement pursuant to § 313.025(f-1).

In support of this Finding, Applicant submitted information as Tab 12 to its Application regarding the industry standard for the number of jobs for a project with qualified property of this size and type. Tab 12 provides that for a project of the size and type described in the Application, the project will require less than twenty-five (25) permanent jobs. Applicant reports it will create eighteen (18) full time jobs for this project, which is consistent with industry standards. A copy of Tab 12 submitted with the Application is attached hereto as Attachment J.

See also Attachments A (Tab 4), and D.

Board Finding Number 4.

The Applicant will create eighteen (18) new qualifying jobs, which Applicant affirms will meet all of the requirements set out in Texas Tax Code §313.021(3), including: (1) at least 1,600 hours of work per year; (2) provision of group health benefit plan with at least 80% of the premium paid by Applicant; (3) an annual wage of \$60,484 (\$1,163.15 per week), an amount equal to at least 110% of the County average weekly wage for manufacturing jobs as defined under §313.021(5)(B); (4) are not created to replace a previous employee; and (5) are not transferred from another area of Texas to the project described the Application.

See Attachments A, D and J.

Board Finding Number 5.

The Applicant does not intend to create any non-qualifying jobs.

In its application, Applicant indicates that it does not intend to create any non-qualifying jobs. But, for any non-qualifying job which the Applicant may create, the Applicant will be required to pay at least \$1,337 per week, the county average wage for all jobs in the County, in accordance with the provisions of Texas Tax Code §313.024(d). See Attachments A and D.

See Attachments A and D.

Board Finding Number 6.

The ability of the Applicant to locate the proposed manufacturing facility in another state or another region of this state is significant because of the highly competitive marketplace for economic development. Therefore, the limitation on appraised value is a determining factor in the Applicant's decision to invest capital and construct the project in Texas and La Porte ISD.

See Attachment C.

In support of Finding Number 5, the Comptroller's Certificate states, "[t]he Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construction the project in this state." See Attachment C. The Economic Impact Analysis states:

The Comptroller has determined that the limitation on appraised value is a determining factor in the Praxair, Inc. decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Praxair, Inc. in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. "We are evaluating Louisiana and Texas for our current pipeline network investment options."
 - B. "The applicant requires this appraised value limitation in order to move forward with the development of the project."
 - C. "Without this appraised value limitation, the impact of comparatively high Texas property taxes on the cost of the project does not allow the project to compete for global customers against similar projects operated by competitors of Praxair in the U.S. and around the world."
 - D. "Praxair has signed a supply agreement with Celanese which will require additional investment to be added somewhere in Praxair pipeline network. Without this appraised value limitation Praxair would have to strongly consider making this investment at another site and renegotiating with Celanese."

See Attachment D.

Board Finding Number 7.

The proposed limitation on appraised value for the qualified property is \$80,000,000.

The Comptroller's Minimum School District Limitation Values Report, updated in October 2015, using School and Appraisal District Property Value Study 2015 Final Findings, provides that the District is Category 2 District under Texas Tax Code §313.022, with a minimum limitation of \$80,000,000. See Attachments A and D.

Board Finding Number 8.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long term, with special reference to revenues used for supporting school district debt.

In support of this Finding, the analysis prepared by Moak, Casey & Associates projects that the project would add \$161,180,530 to the tax base for debt service purposes at the peak investment level for the 2020-21 school year. *See* Table 5, Attachment E. The project remains fully taxable for debt services taxes, with the District currently levying a \$0.41 per \$100 I&S rate. *See* Attachment E, p. 8. As a result, local taxpayers should benefit from the addition of the project to the local I&S tax roll. *See* Attachment E, p. 8. In addition, the potential revenue gains from Supplemental Payments as provided for in the proposed Agreement, are equal to on half of Applicant’s tax savings. *See* Attachment H, Article VI.

Board Finding Number 9.

The projected dollar amount of the maintenance and operations taxes that would be imposed on the qualified property for each year of the Agreement if the property does receive a limitation on appraised value, based on the further depreciations of investment provided by Applicant, is shown in Table 5 of Attachment E (column labeled “Taxes after Value Limit”).

See also Table 3 of Attachment D.

Board Finding Number 10.

The projected dollar amount of the maintenance and operations taxes that would be imposed on the qualified property for each year of the Agreement if the property does not receive a limitation on appraised value, based on the further depreciations of investment provided by Applicant, is shown in Table 5 of Attachment E (column labeled “Taxes before Value Limit”).

See also Table 3 of Attachment D.

Board Finding Number 11.

The effect of the Applicant’s proposal, if approved, is not expected to increase the District’s instructional facility needs. La Porte ISD can easily accommodate the projected student growth anticipated from Applicant’s project with its existing facilities.

See page 8, Attachment E. *See also* TEA’s Facilities Impact Review Letter at Attachment F.

Board Finding Number 12.

Based upon the Applicant's certification that the Application is true and correct, the Comptroller's Economic Impact Analysis, the Comptroller's Certificate Decision, and the consultants' review of these and other documents, the Board has determined that the information provided by the Applicant in its Application is true and correct as submitted.

Upon acceptance of the Application, the District requested the Comptroller to undertake an economic impact evaluation and retained certain consultants to help the Board determine: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning the economic incentives available are a determining factor; and, (5) the proposed project meets eligibility requirements for an Agreement under Tax Code Chapter 313.

As a part of its review process, the Board notes that the Application was submitted by Applicant under oath. Chapter 313 applications are governmental records under Tex. Penal Code §37.01(2)(A), and all representations contained therein are statements of fact within the meaning of Tex. Penal Code §37.01(3). Since Board action upon the adoption of these Findings and the approval of the Agreement (Attachment H) is an "official proceeding," a false statement in the Application would constitute perjury under Tex. Penal Code §37.03.

The Board finds that sworn statements are routinely relied upon by fact finders in official governmental proceedings. The Board further finds that reliance upon verified statements of the Applicant, especially as to Applicant's future intentions which cannot be objectively verified, is reasonable and within the intent of Chapter 313, Texas Tax Code. See Attachments A, B, C and D.

Board Finding Number 13.

The Applicant (Taxpayer Id. 10612490507) is eligible for the limitation on appraised value of qualified property as specified in the Agreement based on its "good standing" certification as a franchise-tax paying entity.

See Attachments A, B and C.

Board Finding Number 14.

The project will be located within an area that is currently designated as a reinvestment zone, pursuant to Chapter 312 and 313 of the Texas Tax Code. Should it be required, the District will cooperate with the Applicant's efforts to ensure that the area remains designated as a reinvestment zone through the Final Termination Date of the Agreement.

See Attachment A (Tab 11) and Attachment K.

Board Finding Number 15.

The Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment H, meets all requirements set out in Texas Tax Code §313.027, including adequate and appropriate revenue protection provisions for the District.

In support of this Finding and based on the information provided and verified by Applicant in its Application, the District's Financial Impact Analysis demonstrates that the District will incur an estimated revenue loss of \$615,695 during tax years 2020 and 2021. *See* Table 5 in Attachment E. However, the negative consequences of granting the value limitation are offset through the revenue protection provisions agreed to by the Applicant and the District as set out in the Agreement. *See* proposed Agreement, Article IV, at Attachment H.

Board Finding Number 16.

The Board finds that there are no conflicts of interest at the time of its consideration of the Agreement.

In support of this Finding, the Board finds that it has taken appropriate action to ensure that all District Trustees and the Superintendent have disclosed any potential conflicts of interest, and that disclosures will be made if any conflict of interest is discovered or arises in the future, in compliance with the requirements of Texas Local Government Code.

The Board further finds that it has taken appropriate action to ensure that all District employees and/or consultants have disclosed any potential conflicts of interest, and that disclosures will be made if any conflict of interest is discovered or arises in the future, in compliance with the requirements of Texas Local Government Code.

The Board further finds that it is unaware that a conflict of interest exists as to the Application for which these Findings are being made, as of the time of action on these Findings.

Board Finding Number 17.

Considering the purpose and effect of the law and the terms of the Agreement, it is in the best interest of the District and the State to approve Praxair' Application and enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.

Board Finding Number 18.

The Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment H, is in the form of the template Texas Economic Development Act Agreement adopted by the Comptroller, as of January 24, 2016, and the Comptroller has verified that the Agreement complies with the provisions of Chapter 313 of the Texas Tax Code and 34. TA.C. Chapter 9, Subchapter F.

See also Attachment I.

IT IS THEREFORE ORDERED, that all of the Findings above, including the recitals and statements set out in the Preamble herein, are adopted and approved as the Findings of the La Porte Independent School District Board of Trustees, and the Board of Trustees has made the above factual Findings in accordance with the Texas Tax Code § 313.025(e) and Texas Administrative Code 34, Chapter 9, subchapter F; and,

IT IS FURTHER ORDERED that the Application attached hereto as Attachment A is hereby APPROVED; and,

IT IS FURTHER ORDERED that the new jobs requirement pursuant to Texas Tax Code §313.021(2)(A)(iv)(b) is hereby waived; and,

IT IS FURTHER ORDERED that the Agreement attached hereto as Attachment H is APPROVED contemporaneously with these Findings and authorized to be executed and delivered by the Trustees whose signatures appear below on behalf of the La Porte Independent School District, along with a copy of the these Findings, which shall be binding on the parties upon receipt of an executed original of the Agreement from Applicant; and,

IT IS FURTHER ORDERED that these Findings and the Attachments referenced herein be made a part of the official minutes of this meeting, and maintained in the permanent records of the La Porte Independent School District Board of Trustees.

Maintenance and Operations Taxes by and between La Porte School District and
Praxair, Inc., Application #1157

Dear Superintendent Lloyd:

On September 21, 2016, the Comptroller's office received from La Porte Independent School District (La Porte ISD) an application from Praxair, Inc. for a limitation on appraised value (App #1157).

The purpose of this letter is to inform you that the Comptroller's office has reviewed the submitted application and determined that it includes the information necessary to be determined as complete on October 26, 2016.

Texas Tax Code §313.025(d) directs the Comptroller's office to issue a certificate for a limitation on the appraised value of the property, or provide the governing body of the school district with a written explanation of the Comptroller's decision to not issue a certificate no later than the 90th day after receiving the completed application. The requirements to determine eligibility and to issue a certificate for a limitation do not begin until an application is complete as determined by this agency. The Comptroller's office will move forward with our economic impact evaluation and will send a letter of determination to the ISD and the applicant.

This letter does not constitute a review of the application under Section 313.025(h) to determine if the project meets the requirements of Section 313.024 for eligibility for a limitation on appraised value. Likewise, this letter does not address the determinations required under Section 313.026(c).

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application not later than the 150th day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

Detailed Description of the Project

Provide a detailed description of the scope of the proposed project, including, at a minimum, the type and planned use of real and tangible personal property, the nature of the business, a timeline for property construction or installation, and any other relevant information.

Praxair's project provides for the design and construction of a new, world scale autothermal reformer for the production of carbon monoxide, and hydrogen for distribution to customers along the Texas and Louisiana Gulf Coast. Steam will also be supplied to the host customer. Natural gas and power are the key feedstocks for the facility. As proposed in this application, to enable distribution to Praxair's customer along the Texas and Louisiana Gulf Coast, the facility would tie into Praxair's existing pipeline infrastructure with additional ties into the Celanese Pasadena, TX chemical complex.

If approved, the proposed industrial gas complex will be constructed on property leased from Celanese at their Pasadena, TX, chemical complex. Construction is anticipated to begin in 1Q 2018 with commencement of commercial operations in 4Q 2019.

Below is a list of the major equipment comprising the complex:

- Fired heater with NO_x reduction system
- Catalyst-filled reactor vessels
- Heat exchangers

BY PRAXAIR, INC. TO LA PORTE ISD*

Documentation to assist in determining if limitation is a determining factor.

Praxair is a Fortune 500 company headquartered in Danbury, Connecticut. The company employs over 27,000 people worldwide and has key locations in Connecticut, Illinois, Indiana, New York, Texas, Georgia, Iowa, and California. It is a leading industrial gas producer in the Americas. Praxair products include atmospheric, process and specialty gases and related services and technologies. Having diverse sources of industrial gases helps attract other businesses that rely on such products; supply of industrial gases is a critical utility for many businesses. Praxair will use its industrial gases pipeline network to import and export gases from the proposed complex to serve the other petrochemical facilities along the Gulf Coast. Today, Praxair serves approximately 25 industries as diverse as healthcare and petroleum refining; computer-chip manufacturing and beverage carbonation; fiber-optics and steel making; aerospace, chemicals and water treatment

Praxair's pipeline complex allows it to have options for our investments. A variety of factors are considered in selecting site location, including the local pool of available skilled workers, costs for natural gas and ease of doing business as it relates to permitting and incentives to reduce risk in investments. We are evaluating Louisiana and Texas for our current pipeline network investment options.

The applicant requires this appraised value limitation in order to move forward with the development of the project. Without this appraised value limitation, the impact of comparatively high Texas property taxes on the cost of the project does not allow the project to compete for global customers against similar projects operated by competitors of Praxair in the U.S. and around the world. Praxair has signed a supply agreement with Celanese which will require additional investment to be added somewhere in Praxair pipeline network. Without this appraised value limitation Praxair would have to strongly consider making this investment at another site and renegotiating with Celanese. Approval of this Value limitation application allows us to extend our relationships in Texas and be a contributor to the state's economic growth story.

Description of all property not eligible to become qualified property (if applicable)

This proposed project would be placed on land leased from Celanese. Equipment currently in the proposed project area consists of a combined cycle and cogeneration facility utilizing three combustion turbines and heat recovery steam generators and steam turbines all of which is owned by Clear Lake Cogeneration LP. All equipment currently in the proposed project area will be dismantled and removed prior to the commencement of any work on the proposed Praxair project. I have contacted the Appraiser for the HCAD and he has confirmed that the existing property that will be dismantled and removed is associated with HCAD account numbers 1005150000624, 1005150000384, 0414963 and 0647994. The total current value shown by HCAD for these four accounts is \$10,609,848. Maps showing the existing property and HCAD Records for the four accounts are attached.

Re: Chapter 313 Jobs Waiver Request

Dear Superintendent Graham,

Praxair, Inc. requests that the La Porte Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025(f-1) of the Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described in the application.

The employment industry standard for the facility that is proposed is 18 permanent jobs. Praxair Inc. requests that the Board of Trustees make such a finding and waive the job creation requirement for 25 permanent jobs and in line with industry standards and consistent with recently awarded waivers within this industry, Praxair Inc. has committed to create eighteen (18) total jobs for the project.

Sincerely,

Sam Gregson

Re: Certificate for Limitation on Appraised Value of Property for School District
Maintenance and Operations Taxes by and between La Porte Independent School
District and Praxair, Inc. Application 1157

Dear Superintendent Lloyd:

On October 26, 2016, the Comptroller issued written notice that Praxair, Inc. (applicant) submitted a completed application (Application 1157) for a limitation on appraised value under the provisions of Tax Code Chapter 313¹. This application was originally submitted on September 13, 2016, to the La Porte Independent School District (school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter B; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the Comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application 1157.

¹ All statutory references are to the Texas Tax Code, unless otherwise noted.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-826) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of October 26, 2016, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

This represents the Comptroller's determination that Praxair, Inc. (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller **has determined** that the limitation on appraised value is a determining factor in the Praxair, Inc.’s decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- Per Praxair, Inc. in Tab 5 of their Application for a Limitation on Appraised Value:
 - A. “We are evaluating Louisiana and Texas for our current pipeline network investment options.”
 - B. “The applicant requires this appraised value limitation in order to move forward with the development of the project.”
 - C. “Without this appraised value limitation, the impact of comparatively high Texas property taxes on the cost of the project does not allow the project to compete for global customers against similar projects operated by competitors of Praxair in the U.S. and around the world.”
 - D. “Praxair has signed a supply agreement with Celanese which will require additional investment to be added somewhere in Praxair pipeline network. Without this appraised value limitation Praxair would have to strongly consider making this investment at another site and renegotiating with Celanese.”
- According to the Praxair Inc. news release dated February 19, 2015, “Praxair is investing more than \$400 million to add hydrogen and nitrogen production capacity and extending its Gulf Coast pipeline systems approximately 46 miles from Texas City to the Freeport area.”
- Attached Railroad Commission of Texas Public GIS Viewer map depicting Natural Gas pipelines.

Documentation to assist in determining if limitation is a determining factor.

Praxair is a Fortune 500 company headquartered in Danbury, Connecticut. The company employs over 27,000 people worldwide and has key locations in Connecticut, Illinois, Indiana, New York, Texas, Georgia, Iowa, and California. It is a leading industrial gas producer in the Americas. Praxair products include atmospheric, process and specialty gases and related services and technologies. Having diverse sources of industrial gases helps attract other businesses that rely on such products; supply of industrial gases is a critical utility for many businesses. Praxair will use its industrial gases pipeline network to import and export gases from the proposed complex to serve the other petrochemical facilities along the Gulf Coast. Today, Praxair serves approximately 25 industries as diverse as healthcare and petroleum refining; computer-chip manufacturing and beverage carbonation; fiber-optics and steel making; aerospace, chemicals and water treatment

Praxair's pipeline complex allows it to have options for our investments. A variety of factors are considered in selecting site location, including the local pool of available skilled workers, costs for natural gas and ease of doing business as it relates to permitting and incentives to reduce risk in investments. We are evaluating Louisiana and Texas for our current pipeline network investment options.

The applicant requires this appraised value limitation in order to move forward with the development of the project. Without this appraised value limitation, the impact of comparatively high Texas property taxes on the cost of the project does not allow the project to compete for global customers against similar projects operated by competitors of Praxair in the U.S. and around the world. Praxair has signed a supply agreement with Celanese which will require additional investment to be added somewhere in Praxair pipeline network. Without this appraised value limitation Praxair would have to strongly consider making this investment at another site and renegotiating with Celanese. Approval of this Value limitation application allows us to extend our relationships in Texas and be a contributor to the state's economic growth story.

Praxair Gulf Coast Expansion to Serve Freeport, Texas, and Supply New World-Scale Ammonia Project

PRAXAIR GULF COAST EXPANSION TO SERVE FREEPORT, TEXAS, AND SUPPLY NEW WORLD-SCALE AMMONIA PROJECT

 Share

February 19, 2015

DANBURY, Conn., February 19, 2015 — Praxair, Inc. (NYSE: PX) has signed a 20-year agreement to supply approximately 170 million standard cubic feet per day of hydrogen and 2,000 tons per day of nitrogen to a new 750,000 metric tons per year ammonia

complex being built by a new entity formed by Yara and BASF.

To help fulfill the raw material requirements of this world-scale ammonia project located in Freeport, Texas, Praxair is investing more than \$400 million to add hydrogen and nitrogen production capacity and extending its Gulf Coast pipeline systems approximately 46 miles from Texas City to the Freeport area. Praxair's pipeline systems are supported by multiple hydrogen and air separation plants and product storage capabilities including Praxair's innovative 2.5 billion standard cubic foot high-purity hydrogen storage cavern. The pipeline extensions are scheduled to be in operation in 2016 and the supply to the complex is expected to start in late 2017.

"This is an opportunity for Praxair to build out its presence in Freeport, Texas, one of the largest chemical complexes in the western hemisphere," said Eduardo Menezes, executive vice president, Praxair. "Praxair's ability to capture and process by-product hydrogen generated by multiple crackers that are being installed in the Gulf Coast and add this product to the hydrogen produced by our on-purpose steam methane reformer facilities to reliably deliver high-purity hydrogen was critical for this award. We are excited to be a part of this project and to be working alongside Yara and BASF."

Speaking on behalf of the newly-formed entity, Yara International President and Chief Executive Officer Torgeir Kvidal said, "Praxair has been working closely with us to ensure this project becomes a reality. There have been several advantages to working with Praxair including their long history of providing supply reliability along with the infrastructure and industrial gas innovations we need to run a world-class ammonia plant with a low-carbon footprint."

Praxair operates over 50 hydrogen production facilities and seven hydrogen pipeline systems worldwide. Refinery and chemical customers globally benefit from Praxair's complete portfolio of large-volume industrial gases, cylinder gases and specialized technologies and services.

**CHAPTER 313 PROPERTY VALUE LIMITATION
FINANCIAL IMPACT OF THE PROPOSED PRAXAIR, INC.
PROJECT IN THE LA PORTE INDEPENDENT SCHOOL
DISTRICT
(PROJECT # 1157)**

PREPARED BY

JANUARY 9, 2017

Executive Summary

Praxair, Inc. (Company) has requested that the La Porte Independent School District (LPISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to LPISD on September 13, 2016 the Company plans to invest \$161.2 million to construct a manufacturing facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The Praxair project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, LPISD may offer a minimum value limitation of \$80 million. This value limitation, under the proposed application, will begin in 2020-21 and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement.

MCA's initial school finance analysis is detailed in this report, incorporating the major legislative changes adopted in May. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payment owed to LPISD	\$615,695
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the district.)	\$5,068,163

Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. At the time the application is determined complete—typically 4-6 weeks after receipt—the Comptroller will deliver a Completeness Letter to the company and the school district.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full review of the project and provide its certificate for a limitation on appraised value. After the certificate

is received, the district has until the 150th day from the receipt of the Completeness Letter or until December 31st, whichever is earlier, to adopt an agreement.

Each value limitation agreement is unique and to ensure the proper revenue-loss protection and maximum supplemental benefits are in place, an understanding of the school district's finances and a thorough knowledge of the Ch. 313 statute are required. MCA will ensure the best interests of LPISD are secured. After the Comptroller's certificate is received, MCA will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review 30 days prior to final adoption by the school district's board of trustees.

At the final board meeting, the school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting, although neither will be required in the board's consideration of the Praxair application. Prior to this meeting, the district will be provided with the necessary agenda language and any additional action items.

How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction (ASATR), although ASATR is currently scheduled to be eliminated by the 2017-18 school year. (For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools.](#))

Tier I provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate—\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

Tier II guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding—funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

Additional State Aid for Tax Reduction (ASATR) guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. ASATR funding is expected to be eliminated by the 2017-18 school year under current law.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under

the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.**

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to isolate the effects of the value limitation under the school finance system. Student enrollment counts are held constant at 7,242 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of LPISD. The District's local tax base reached \$7,165.7 million for the 2016 tax year (the most recent year available) and is maintained for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.0400 is used throughout this analysis. The impact of any previously-approved Chapter 313 projects is factored into the M&O tax bases used for both models presented below.

LPISD has estimated 2016-17 state property wealth per weighted ADA or WADA of approximately \$880,016. As a result, LPISD is considered a Chapter 41 or recapture district under the school finance system. Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis.

Recent legislative changes are incorporated into these estimates. The basic allotment was raised from \$5,040 to \$5,140 per WADA, which is used throughout the state aid calculations. The Tier II guaranteed yield level for up to six cents of tax effort was increased

from \$61.86 in 2014-15 to \$74.28 and \$77.53, respectively, for the 2015-16 and 2016-17 school years.

The mandated school district homestead exemption increase from \$15,000 to \$25,000 has been incorporated into the analysis. Given that the models below focus exclusively on the Praxair, Inc. project values, however, the homestead exemption change does not have a significant impact on this analysis.

The M&O tax rate for 2016 is maintained at \$1.0400 per \$100. Although the impact of the Chapter 313 project value returning to the total tax roll for M&O funding purposes could result in a lower M&O tax rate that analysis is beyond the scope of this revenue report.

M&O Impact of the Praxair project on LPISD

School finance models were prepared for LPISD under these assumptions through the 2034-35 school year. Under the proposed agreement, a model is established to make a calculation of the “Baseline Revenue Model” by adding the total value of the project to the model, but without assuming that a value limitation is approved. These model results are detailed in Table 2.

Additionally, a separate model is established to make a calculation of the “Value Limitation Revenue Model” by adding the project’s limited value of \$80 million to the model. These results are shown in Table 3.

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$615,695 over the course of the Agreement, with nearly all of this loss reflected in the first limitation year (2020-21). Nearly all of the reduction in M&O taxes under the limitation agreement is offset through a reduction in recapture costs owed to the state under current law.

M&O Impact on the Taxpayer

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.0400 M&O tax rate is assumed in 2015-16 (the most recent year available) and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$5.7 million over the life of the agreement. The LPISD revenue losses are expected to total approximately \$615,695 over the course of the agreement. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to total \$5,068,163 million, prior to any negotiations with Praxair on supplemental payments.

Table 5 - Estimated Financial Impact of the Praxair Project Property Value Limitation Request Submitted to LPISD at \$1.0400 M&O Tax Rate

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with LPISD currently levying a \$0.4100 I&S rate. While the value of the Praxair project is expected to depreciate over the life of the agreement and beyond, local taxpayers should benefit from the addition of the Praxair project to the local I&S tax roll.

The project is not expected to affect LPISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- **Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.**
- **Legislative changes addressing property value appraisals and exemptions.**
- **Year-to-year appraisals of project values and district taxable values.**
- **Changes in school district tax rates and student enrollment.**

IMPORTANT: Please keep this letter with your district's records. It must be accessible to the law firm working on the value limitation agreement.

Dee Anne Thomson, President
Board of Trustees
La Porte Independent School District
1002 San Jacinto Street
La Porte, TX 77571-6496

Dear Ms. Thomson:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed Praxair Inc. project on the number and size of school facilities in La Porte Independent School District (LPISD). Based on an examination of LPISD enrollment and the number of potential new jobs, the TEA has determined that the Praxair Inc. project should not have a significant impact on the number or size of school facilities in LPISD.

Please feel free to contact me by phone at (512) 463-9186 or by email at al.mckenzie@tea.state.tx.us if you have any questions.

Sincerely,

Al McKenzie
Director of State Funding

PROTECTION AGAINST LOSS OF FUTURE DISTRICT REVENUES

Section 4.1. INTENT OF THE PARTIES. Subject to the limitations contained in this Agreement (including Section 7.1), it is the intent of the Parties that the District shall, in accordance with the provisions of Section 313.027(f)(1) of the TEXAS TAX CODE, be compensated by the Applicant for any loss that the District incurs in its Maintenance and Operations Revenue for which this Agreement was, in any manner, a producing cause, resulting, at least in part because of, or on account of, executing this Agreement, after taking into account any payments to be made under this Agreement. Such payments shall be independent of, and in addition to such other payments as set forth in Articles V and VI in this Agreement. Subject to the limitations contained in this Agreement (including Section 7.1), IT IS THE INTENT OF THE PARTIES THAT THE RISK OF ANY NEGATIVE FINANCIAL CONSEQUENCE TO DISTRICT IN MAKING THE DECISION TO ENTER INTO THIS AGREEMENT WILL BE BORNE SOLELY BY APPLICANT AND NOT BY DISTRICT. Applicant recognizes and acknowledges the calculations relating to the District's loss of Maintenance and Operations Revenue under this Agreement will be affected by changes to the timing of construction of the Project and any change to the Qualified Property. As such, Applicant acknowledges that it will bear any and all losses of Maintenance and Operations Revenue suffered by the District as a result of the Agreement, including without limitation any increase in the M&O Amount calculated under Section 4.2 to be paid to the District for losses in Maintenance and Operations Revenue resulting from any change in the timing of construction and/or any change to the Qualified Investment/Qualified Property.

The Parties expressly understand and agree that, for all Tax Years to which this Agreement may apply, the calculation of negative financial consequences will be defined for each applicable Tax Year in accordance with the Applicable School Finance Law, as defined in Section 1.2 above, and that such definition specifically contemplates that calculations made under this Agreement

may well periodically change in accordance with changes in the Applicable School Finance Law. The Parties further agree that the printouts and projections produced during the negotiations and approval of this Agreement are: (i) for illustrative purposes only, and are not intended to be relied upon, and have not been relied upon by the Parties as a prediction of future consequences to either Party; (ii) based upon current Applicable School Finance Law which is subject to change by statute, by administrative regulation, or by judicial decision at any time; and (iii) may change in future years to reflect changes in the Applicable School Finance Law.

Section 4.2. CALCULATING THE AMOUNT OF LOSS OF REVENUE BY THE DISTRICT. Subject to the provisions of Sections 7.1 and 7.2, the amount to be paid by the Applicant to compensate the District for loss of Maintenance and Operations Revenue resulting from, or on account of, this Agreement for each year starting in the year of the Application Review Start Date and ending on the Final Termination Date (as set out in **EXHIBIT 5**), the “M&O Amount” shall be determined in compliance with the Applicable School Finance Law in effect for such year and according to the following formula:

A. Notwithstanding any other provision in this Agreement, the M&O Amount owed by the Applicant to the District means the Original M&O Revenue *minus* the New M&O Revenue; based on the following definitions where:

- i. “Original M&O Revenue” means the total State and local Maintenance and Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Qualified Property been subject to the District’s ad valorem maintenance and operations tax at the rate applicable for such Tax Year. For purposes of this calculation, the Third Party (as defined in Section 4.4) will base its calculations upon (1) the total Taxable Values for each applicable Tax Year as certified by the Appraisal District for all taxable accounts in the District for the District's maintenance and operations ad valorem tax purposes, save and except for the Applicant's Qualified Property subject to this Agreement, plus (2) the total Taxable Values for such applicable Tax Year as certified by the Appraisal District for the Applicant's Qualified Property subject to this Agreement for the District's debt service (interest and sinking fund) ad valorem tax purposes (which total Taxable Values for the Applicant's Qualified Property subject to this Agreement shall be used in lieu of the total Taxable Values for such applicable Tax Year as certified by the Appraisal District for the Applicant's Qualified Property subject to this Agreement for the District's maintenance and operations ad valorem tax purposes).
- ii. “New M&O Revenue” means the total State and local Maintenance and Operations Revenue that the District actually received for such school year.

B. In making the calculations required by this Section 4.2:

- i. The Taxable Value of property for each school year will be determined under the Applicable School Finance Law that is current in the year for which that calculation is made.

- ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%).
- iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.
- iv. For all calculations made for any year during the Tax Limitation Period under this Section 4.2, the New M&O Revenue will reflect the Tax Limitation Amount for such year.
- v. All calculations made under this Section 4.2 shall be made using a methodology which isolates only the revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements or any other factor not contained in this Agreement.

Section 4.3. STATUTORY CHANGES AFFECTING M&O REVENUE. Notwithstanding any other provision in this Agreement, but subject to the limitations contained in Section 7.1 of this Agreement, in the event that, by virtue of statutory changes to the Applicable School Finance Law, administrative interpretations by the Comptroller, the Commissioner of Education, or the Texas Education Agency, or for any other reason attributable to statutory change, the District will receive less Maintenance and Operations Revenue, or, if applicable, will be required to increase its payment of funds to the State, because of its participation in this Agreement, the Applicant shall make payments to the District, up to but not to exceed the amount of the limit set forth in this Agreement (including Section 7.1), that are necessary to offset any such negative impact on the District as a result of its participation in this Agreement. The calculation of any such payments to the District shall take into account any adjustments to the amount calculated for the current fiscal year that should be made in order to reflect the actual impact on the District.

Section 4.4. COMPENSATION FOR LOSS OF OTHER REVENUES. To the extent not included in the amounts calculated pursuant to Section 4.2 above, Applicant shall also pay to the District on an annual basis all non-reimbursed costs arising from entering this Agreement, including but not limited to: (a) any loss incurred by the District resulting from successful judicial challenge to this Agreement; (b) any reasonable attorneys' fees or other costs incurred by the District due to any legal defense, enforcement or interpretation of this Agreement, irrespective of whether or not this Agreement is ultimately determined to be valid; and (c) any non-reimbursed reasonable costs incurred by the District and related to this Agreement, either directly or indirectly, including costs paid to the Appraisal District caused by increased appraised values arising solely from the Qualified Property that is subject to the limitation provided in Section 2.4 herein.

Section 4.5. CALCULATIONS TO BE MADE BY THIRD PARTY. All calculations under this Agreement shall be made annually by an independent third party ("Third Party") jointly selected and appointed each year by the District and the Applicant. If the Parties cannot agree on the Third Party, then the Third Party shall be selected by a mediator selected in accordance with the procedures set forth in Section 9.3.A.

Section 4.6. DATA FOR CALCULATIONS. The calculations for payments under this Agreement shall be initially based upon the valuations placed upon all taxable property in the District, including the Applicant's Qualified Investment and/or the Applicant's Qualified Property by the Harris County Appraisal District in its annual certified tax roll submitted to the District pursuant to TEXAS TAX CODE § 26.01 on or about July 25 of each year of this Agreement. Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 4.5. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time-to-time by the Third Party to reflect actual amounts, subsequent adjustments by the Harris County Appraisal District to the District's certified tax roll, or any other changes in student counts, tax collections, or other applicable data.

Section 4.7. DELIVERY OF CALCULATIONS. On or before November 1 of each year for which this Agreement is effective, the Third Party appointed in Section 4.5 shall forward to the Parties a certification containing the calculations required under Articles IV, V and VI of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Third Party shall preserve all documents pertaining to the calculation and fee for a period of five (5) years after payment. The Applicant shall not be liable for any of Third Party's costs resulting from a review or audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement or the fee paid by the Applicant to the Third Party pursuant to Section 4.8, if such fee is timely paid.

Section 4.8. PAYMENT BY APPLICANT. The Applicant shall pay any amount determined by the Third Party to be due and owing to the District under this Agreement on or before the January 31 next following the tax levy for each year for which this Agreement is effective. By such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 4.7, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, disclosures, or tax credit or other reimbursement application filed with or sent to the State of Texas which are, or may be, required under the terms or because of the execution of this Agreement. Notwithstanding the foregoing, for no Tax Year during the term of this Agreement shall the Applicant be responsible for the payment of an aggregate amount of fees and expenses under this Section 4.8 and Section 4.7, above, in excess of Fifteen Thousand Dollars (\$15,000.00).

Section 4.9. RESOLUTION OF DISPUTES. Should the Applicant disagree with the certification containing the calculations prepared and delivered pursuant to Section 4.7, the Applicant may appeal the findings, in writing, to the Third Party within fifteen (15) days following the earlier of (i) receipt of the certification, or (ii) the date the Applicant is granted access to the books, records, and other information in accordance with Section 4.7 for purposes of auditing or reviewing the information in connection with the certification. Within ten (10) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the certification containing the calculations. Thereafter, the Applicant may appeal the final determination of the certification containing the calculations to the District's Board of Trustees. Any such appeal by the Applicant of the final determination of the Third Party may be made, in writing, to the District's Board of Trustees within thirty (30) days of the Applicant's receipt of the Third Party's final determination of the certification containing the calculations, and shall be without limitation of the Applicant's other rights and remedies available hereunder, at law or in equity.

Section 4.10. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT. If at the time the Third Party selected and appointed under Section 4.5 makes its calculations under this Agreement, the Applicant has appealed any matter relating to the valuations placed by the Appraisal District on the Applicant's Qualified Investment and/or the Applicant's Qualified Property, and such appeal remains unresolved, the Third Party shall base its calculations upon the values placed upon the Applicant's Qualified Investment and/or the Applicant's Qualified Property, respectively, by the Appraisal District. If as a result of an appeal or for any other reason the Taxable Value of the Qualified Property is changed, once the determination of the new Taxable Value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations required by this Agreement for the applicable year or years using the new Taxable Value. Upon completion of the new calculations, the Third Party shall transmit the new calculations to the Parties. In the event the new calculations result in a change of any amount paid or payable by the Applicant under this Agreement, the Party owing funds to the other Party shall pay such funds within thirty (30) days of receipt of the new calculations from the Third Party.

Section 6.1.3 CALCULATION OF ANNUAL SUPPLEMENTAL PAYMENTS TO THE DISTRICT AND APPLICATION OF AGGREGATE LIMIT. For each Tax Year of this Agreement beginning with the Tax Year 2018, which is the Tax Year that includes the date on which the Qualifying Time Period commences under this Agreement as provided in Section 2.3.C.i, and ending with the Tax Year 2032, which is the third Tax Year following the end of the Tax Limitation Period, the District, or its successor beneficiary should one be designated under Section 6.1.5, shall not be entitled to receive Supplemental Payments, computed under Sections 6.1 and 6.2, that exceed the Aggregate Limit.

B. The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.7.

C. The payment of all amounts due under this Article VI shall be made at the time set forth in Section 4.8.

Section 6.1.5 DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY. At any time during the term of this Agreement, the District's Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement, direct that the Applicant's payment obligations under this Article VI be made to its educational foundation, or to a similar entity. The alternative entity may only use such funds received under this Article VI to support the educational mission of the District and its students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant. Such designation may be rescinded by the District's Board of Trustees, with respect to future payments only, by action of the Board of Trustees at any time, and such rescission will become effective after delivery of notice of such action to the Applicant in conformance with the provisions of Section 10.1. Any designation of a successor beneficiary under this Section 6.1.5 shall not alter the Aggregate Limit on Supplemental Payments described in this Article VI, including Section 6.1.3, above. Notwithstanding the foregoing, any payments made by the Applicant shall be made in the manner and to the Party designated in this Agreement unless the Applicant receives unambiguous written notice from the District that such payments are to be made to a different party.

B. Supplemental Payments may only be made during the period starting with the first year of the Qualifying Time Period and ending December 31 of the third year following the end of the Tax Limitation Period.

C. the limitation in Section 6.2.A does not apply to amounts described by Section 313.027(f)(1)–(2) of the TEXAS TAX CODE as implemented in Articles IV and V of this Agreement; and

D. for purposes of this Agreement, the calculation of the limit of the annual Supplemental Payment shall be the greater of \$50,000 or \$100 multiplied by the District's Average Daily Attendance as calculated pursuant to Section 42.005 of the TEXAS EDUCATION CODE, based upon the District's 2014-15 Average Daily Attendance of 7,129, rounded to the whole number.

ARTICLE VII

ANNUAL LIMITATION OF PAYMENTS BY APPLICANT

Section 7.1 ANNUAL LIMITATION. Notwithstanding anything contained in this Agreement to the contrary, and with respect to each Tax Year of the Tax Limitation Period beginning after the first Tax Year of the Tax Limitation Period, in no event shall (i) the sum of the maintenance and operations ad valorem taxes paid by the Applicant to the District for such Tax Year, plus the sum of all payments otherwise due from the Applicant to the District under Articles IV, V, and VI of this Agreement with respect to such Tax Year, exceed (ii) the amount of the maintenance and operations ad valorem taxes that the Applicant would have paid to the District for such Tax Year (determined by using the District's actual maintenance and operations tax rate for such Tax Year) if the Parties had not entered into this Agreement. The calculation and comparison of the amounts described in clauses (i) and (ii) of the preceding sentence shall be included in all calculations made pursuant to Article IV of this Agreement, and in the event the sum of the amounts described in said clause (i) exceeds the amount described in said clause (ii), then the payments otherwise due from the Applicant to the District under Articles IV, V, and VI shall be reduced until such excess is eliminated.

Section 7.2. OPTION TO TERMINATE AGREEMENT. In the event that any payment otherwise due from the Applicant to the District under Article IV, Article V, or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1, then the Applicant shall have the option to terminate this Agreement. The Applicant may exercise such option to terminate this Agreement by notifying the District of its election in writing not later than the July 31 of the year following the Tax Year with respect to which a reduction under Section 7.1 is applicable. Any termination of this Agreement under the foregoing provisions of this Section 7.2 shall be effective immediately prior to the second Tax Year next following the Tax Year in which the reduction giving rise to the option occurred.

Section 7.3. EFFECT OF OPTIONAL TERMINATION. Upon the exercise of the option to terminate pursuant to Section 7.2, this Agreement shall terminate and be of no further force or effect; provided, however, that:

A. the Parties respective rights and obligations under this Agreement with respect to the Tax Year or Tax Years (as the case may be) through and including the Tax Year during which

By executing this Agreement, implementing the authority of, and accepting the benefits provided by Chapter 313 of the TEXAS TAX CODE, the Parties agree that this Agreement and their performance pursuant to its terms are subject to review and audit by the State Auditor as if they are parties to a State contract and subject to the provisions of Section 2262.154 of the TEXAS GOVERNMENT CODE and Section 313.010(a) of the TEXAS TAX CODE. The Applicant and the District shall cooperate with auditors and other authorized Comptroller and State of Texas representatives and shall provide them with prompt access to all of such property as requested by the Comptroller or the State of Texas. By example and not as an exclusion to other breaches or failures, the Applicant's or the District's failure to comply with this Section shall constitute a Material Breach of this Agreement.

C. In addition to and without limitation on the other audit provisions of this Agreement, the acceptance of tax benefits or funds by the Applicant or the District or any other entity or person directly under this Agreement acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, the Applicant or the District or other entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit. The Parties agree that this Agreement shall for its duration be subject to all rules and procedures of the State Auditor acting under the direction of the legislative audit committee.

D. The Applicant shall include the requirements of this Section 8.6 in its subcontract with any entity whose employees or subcontractors are subject to wage requirements under the Act, the Comptroller's Rules, or this Agreement, or any entity whose employees or subcontractors are included in the Applicant's compliance with job creation or wage standard requirement of the Act, the Comptroller's Rules, or this Agreement.

A. represents and warrants that all information, facts, and representations contained in the Application are true and correct to the best of its knowledge;

B. agrees and acknowledges that the Application and all related attachments and schedules are included by reference in this Agreement as if fully set forth herein; and

C. acknowledges that if the Applicant submitted its Application with a false statement, signs this Agreement with a false statement, or submits a report with a false statement, or it is subsequently determined that the Applicant has violated any of the representations, warranties, guarantees, certifications, or affirmations included in the Application or this Agreement, the Applicant shall have materially breached this Agreement and the Agreement shall be invalid and void except for the enforcement of the provisions required by Section 9.2 of this Agreement.

O. The Applicant failed to comply with the conditions included in the certificate for limitation issued by the Comptroller.

Section 9.2. DETERMINATION OF BREACH AND TERMINATION OF AGREEMENT.

A. Prior to making a determination that the Applicant has failed to comply in any material respect with the terms of this Agreement or to meet any material obligation under this Agreement, the District shall provide the Applicant with a written notice of the facts which it believes have caused the breach of this Agreement, and if cure is possible, the cure proposed by the District. After receipt of the notice, the Applicant shall be given ninety (90) days to present any facts or arguments to the Board of Trustees showing that it is not in breach of its obligations under this Agreement, or that it has cured or undertaken to cure any such breach.

B. If the Board of Trustees is not satisfied with such response or that such breach has been cured, then the Board of Trustees shall, after reasonable notice to the Applicant, conduct a hearing called and held for the purpose of determining whether such breach has occurred and, if so, whether such breach has been cured. At any such hearing, the Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to:

- i. whether or not a breach of this Agreement has occurred;
- ii. whether or not such breach is a Material Breach;
- iii. the date such breach occurred, if any;

Section 9.3. DISPUTE RESOLUTION.

A. After receipt of notice of the Board of Trustee's Determination of Breach and Notice of Contract Termination under Section 9.2, the Applicant shall have sixty (60) days in which either to tender payment or evidence of its efforts to cure, or to initiate mediation of the dispute by written notice to the District, in which case the District and the Applicant shall be required to make a good faith effort to resolve, without resort to litigation and within sixty (60) days after the Applicant initiates mediation, such dispute through mediation with a mutually agreeable mediator and at a mutually convenient time and place for the mediation. If the Parties are unable to agree on a mediator, a mediator shall be selected by the senior state district court judge then presiding in Harris County, Texas. The Parties agree to sign a document that provides the mediator and the mediation will be governed by the provisions of Chapter 154 of the TEXAS CIVIL PRACTICE AND REMEDIES CODE and such other rules as the mediator shall prescribe. With respect to such mediation, (i) the District shall bear one-half of such mediator's fees and expenses and the Applicant shall bear one-half of such mediator's fees and expenses, and (ii) otherwise each Party shall bear all of its costs and expenses (including attorneys' fees) incurred in connection with such mediation.

B. In the event that any mediation is not successful in resolving the dispute or that payment is not received within the time period described for mediation in Section 9.3.A, either the District or the Applicant may seek a judicial declaration of their respective rights and duties under this Agreement or otherwise, in a judicial proceeding in a state district court in Harris County, assert any rights or defenses, or seek any remedy in law or in equity, against the other Party with respect to any claim relating to any breach, default, or nonperformance of any contract, agreement or undertaking made by a Party pursuant to this Agreement.

Section 9.4. CONSEQUENCES OF EARLY TERMINATION OR OTHER BREACH BY APPLICANT.

C. The sum of liquidated damages due and payable shall be the sum total of the District ad valorem taxes for all of the Tax Years for which a tax limitation was granted pursuant to this Agreement prior to the year in which the default occurs that otherwise would have been due and payable by the Applicant to the District without the benefit of this Agreement, including penalty and interest, as calculated in accordance with Section 9.4.E. For purposes of this liquidated damages calculation, the Applicant shall be entitled to a credit for all payments made to the District pursuant to Articles IV, V, and VI. Upon payment of such liquidated damages, the Applicant's obligations under this Agreement shall be deemed fully satisfied, and such payment shall constitute the District's sole remedy.

D. In the event that the District determines that the Applicant has committed a Material Breach identified in Section 9.1, after the notice and mediation periods provided by Sections 9.2 and 9.3, then the District may, in addition to the payment of liquidated damages required pursuant to Section 9.4.C, terminate this Agreement.

E. In determining the amount of penalty or interest, or both, due in the event of a breach of this Agreement, the District shall first determine the base amount of recaptured taxes less all credits under Section 9.4.C owed for each Tax Year during the Tax Limitation Period. The District shall calculate penalty or interest for each Tax Year during the Tax Limitation Period in accordance with the methodology set forth in Chapter 33 of the TEXAS TAX CODE, as if the base amount calculated for such Tax Year less all credits under Section 9.4.C had become due and payable on February 1 of the calendar year following such Tax Year. Penalties on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(a) of the TEXAS TAX CODE, or its successor statute. Interest on said amounts shall be calculated in accordance with the methodology set forth in Section 33.01(c) of the TEXAS TAX CODE, or its successor statute.

Section 9.5. LIMITATION OF OTHER DAMAGES. Notwithstanding anything contained in this Agreement to the contrary, in the event of default or breach of this Agreement by the Applicant, the District's damages for such a default shall under no circumstances exceed the amounts

calculated under Section 9.4. In addition, the District's sole right of equitable relief under this Agreement shall be its right to terminate this Agreement. The Parties further agree that the limitation of damages and remedies set forth in this Section 9.5 shall be the sole and exclusive remedies available to the District, whether at law or under principles of equity.

Section 9.6. STATUTORY PENALTY FOR INADEQUATE QUALIFIED INVESTMENT. Pursuant to Section 313.0275 of the TEXAS TAX CODE, in the event that the Applicant fails to make \$80,000,000 of Qualified Investment, in whole or in part, during the Qualifying Time Period, the Applicant is liable to the State for a penalty. The amount of the penalty is the amount determined by: (i) multiplying the maintenance and operations tax rate of the District for that tax year that the penalty is due by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the Tax Year the penalty is due. This penalty shall be paid on or before February 1 of the year following the expiration of the Qualifying Time Period and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE. The Comptroller may grant a waiver of this penalty in the event of Force Majeure which prevents compliance with this provision.

Section 9.7. REMEDY FOR FAILURE TO CREATE AND MAINTAIN REQUIRED NEW QUALIFYING JOBS

A. Pursuant to Section 313.0276 of the TEXAS TAX CODE, for any full Tax Year that commences after the project has become operational, in the event that it has been determined that the Applicant has failed to meet the job creation or retention requirements defined in Sections 9.1;C, the Applicant shall not be deemed to be in Material Breach of this Agreement until such time as the Comptroller has made a determination to rescind this Agreement under Section 313.0276 of TEXAS TAX CODE, and that determination is final.

Section 9.8. REMEDY FOR FAILURE TO CREATE AND MAINTAIN COMMITTED NEW QUALIFYING JOBS

A. In the event that the Applicant fails to create and maintain the number of New Qualifying Jobs specified in Schedule C of the Application, an event constituting a Material Breach as defined in Section 9.1.D, the Applicant and the District may elect to remedy the Material Breach through a penalty payment.

B. Following the notice and mediation periods provided by Sections 9.2 and 9.3, the District may request the Applicant to make a payment to the State in an amount equal to: (i) multiplying the maintenance and operations tax rate of the school district for that Tax Year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for each tax year the Material Breach occurs.

C. In the event that there is no tax limitation in place for the tax year that the Material Breach occurs, the payment to the State shall be in an amount equal to: (i) multiplying the

maintenance and operations tax rate of the School District for each tax year that the Material Breach occurs by (ii) the amount obtained after subtracting (a) the Tax Limitation Amount identified in Section 2.4.B from (b) the Market Value of the property identified on the Appraisal District's records for the last Tax Year for which the Applicant received a tax limitation.

D. The penalty shall be paid no later than 30 days after the notice of breach and is subject to the delinquent penalty provisions of Section 33.01 of the TEXAS TAX CODE.

Re: Chapter 313 Jobs Waiver Request

Dear Superintendent Graham,

Praxair, Inc. requests that the La Porte Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025(f-1) of the Tax Code. This waiver would be based on the school district's board findings that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described in the application.

The employment industry standard for the facility that is proposed is 18 permanent jobs. Praxair Inc. requests that the Board of Trustees make such a finding and waive the job creation requirement for 25 permanent jobs and in line with industry standards and consistent with recently awarded waivers within this industry, Praxair Inc. has committed to create eighteen (18) total jobs for the project.

Sincerely,

Sam Gregson

BOARD RESOLUTION #2017 - 08

A RESOLUTION DESIGNATING A CERTAIN AREA AS A REINVESTMENT ZONE FOR TEXAS TAX CODE CHAPTER 313 APPRAISED VALUE LIMITATION IN THE LA PORTE INDEPENDENT SCHOOL DISTRICT, IN PORTIONS OF HARRIS COUNTY, TEXAS, TO BE KNOWN AS THE PRAXAIR REINVESTMENT ZONE; ESTABLISHING THE BOUNDARIES THEREOF; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of Trustees of the La Porte Independent School District desires to promote the development or redevelopment of a certain contiguous geographic area within its jurisdiction by the creation of a reinvestment zone as authorized by the Property Redevelopment and Tax Abatement Act, as amended (V.T.C.A. Texas Tax Code § 312.0025), for the purpose of authorizing an *Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes*, as authorized by Chapter 313 of the Texas Tax Code; and

WHEREAS, on February 14, 2017, a hearing before the Board of Trustees of the La Porte Independent School District was held, such date being at least seven (7) days after the date of publication of the notice of such public hearing, and the delivery of written notice to the respective presiding officers of each taxing entity that includes within its boundaries real property that is to be included in the proposed reinvestment zone; and

WHEREAS, the Board of Trustees of La Porte Independent School District at such public hearing invited any interested person to appear and speak for or against the creation of the reinvestment zone, and whether all or part of the territory described should be included in the proposed reinvestment zone; and

WHEREAS, the proponents of the reinvestment zone offered evidence, both oral and documentary, in favor of all of the foregoing matters relating to the creation of the reinvestment zone and opponents, if any, of the reinvestment zone appeared to contest the creation of the reinvestment zone.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE LA PORTE INDEPENDENT SCHOOL DISTRICT:

SECTION 1. That the facts and recitations contained in the preamble of this Resolution are hereby found and declared to be true and correct.

SECTION 2. That the Board of Trustees of the La Porte Independent School District, after conducting such hearing and having heard such evidence and testimony, has made the following findings and determinations based on the evidence and testimony presented to it:

- (a) That the public hearing on adoption of the *Praxair Reinvestment Zone* has been properly called, held and conducted and that notices of such hearing have been published as required by law and mailed to the respective presiding officers of the governing bodies of all taxing units overlapping the territory inside the proposed reinvestment zone; and
- (b) That the boundaries of the *Praxair Reinvestment Zone* be and, by the adoption of this Resolution, are declared and certified to be, the area as described in the legal description attached hereto as “**EXHIBIT A**”; and,
- (c) That the map attached hereto as “**EXHIBIT B**” is declared to be and, by the adoption of this Resolution is certified to accurately depict and show the boundaries of the *Praxair Reinvestment Zone* which is normatively described in **EXHIBIT A**; and
- (d) That creation of the *Praxair Reinvestment Zone* with boundaries as described in **EXHIBIT A** and **EXHIBIT B** will result in benefits to the La Porte Independent School District and to land included in the reinvestment zone, and that the improvements sought are feasible and practical; and
- (e) The *Praxair Reinvestment Zone* described in **EXHIBIT A** and **EXHIBIT B** meets the criteria set forth in Texas Tax Code §312.0025 for the creation of a reinvestment zone as set forth in the Property Redevelopment and Tax Abatement Act, as amended, in that it is reasonably likely that the designation will contribute to the retention or expansion of primary employment, and/or will attract major investment in the zone that will be a benefit to the property, and would contribute to economic development within the La Porte Independent School District, and that the entire tract of land is located entirely within the La Porte Independent School District.

SECTION 3. That pursuant to the Property Redevelopment and Tax Abatement Act, as amended, the La Porte Independent School District hereby creates a reinvestment zone under the provisions of Texas Tax Code §312.0025, encompassing the area described by **EXHIBIT A** and **EXHIBIT B**, and such reinvestment zone is hereby designated and shall hereafter be referred to as the *Praxair Reinvestment Zone*.

SECTION 4. That the *Praxair Reinvestment Zone* shall take effect upon adoption by the Board of Trustees and shall remain designated as a commercial-industrial reinvestment zone for a period of five (5) years from such date of designation, and may be renewed for an additional five (5) year period thereafter.

SECTION 5. That if any section, paragraph, clause or provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this Resolution.

SECTION 6. That it is hereby found, determined and declared that a sufficient notice of the date, hour, place and subject, of the meeting of the La Porte Independent School District Board of Trustees, at which this Resolution was adopted, was posted at a place convenient and readily accessible at all times, as required by the Texas Open Government Act, Texas Government Code, Chapter 551, as amended, and that a public hearing was held prior to the designation of such reinvestment zone and that proper notice of the hearing was published in the official newspaper of general circulation in La Porte Independent School District and Harris County, Texas, and furthermore, such notice was in fact, delivered to the presiding officer of any affected taxing entity as prescribed by the Property Redevelopment and Tax Abatement Act.

PASSED, APPROVED AND ADOPTED on this 14th day of February, 2017.
